NEWS ABOUT OUR WORK

- Abstracts accepted at 2017 TAC Annual Meeting: “Feasibility of administration data for studying complications after hip fracture surgery” as podium presentation, “Hospital mortality after hip fracture surgery in relation to length of stay by care delivery” as poster presentation
- Visiting student Yuri Villan is awarded scholarship from BMJ to attend the International Forum on Quality and Safety in Healthcare in London. Yuri will be presenting a poster “Effective poster presentation for describing the results of a scoping review of factors of time to surgery after hip fracture”.
- We are saying goodbye to Yuri, who will be finishing up her time with the group this month. We wish her all the best.
